**MESA CONSOLIDATED WATER DISTRICT
RECEIVES THREE AWARDS**

Costa Mesa, Calif. – Mesa Consolidated Water District (Mesa) has been awarded three President's Special Recognition Awards from the Association of California Water Agencies Joint Powers Insurance Authority (JPIA). Mesa received the awards for achieving a low ratio of losses in its Liability, Property, and Worker's Compensation Programs.

“Mesa has a consistent history of managing risks and reducing losses over the past several years,” said Paul E. Shoenberger, Mesa's Board President. “While Mesa has been recognized previously, this is the first time that Mesa has received special recognition in all three programs simultaneously.”

The JPIA is a partnership of California water agencies working together to share the risks associated with purveying water. The risk-sharing pools of the JPIA are a cost-effective form of risk management available only to public entities, allowing them to bypass the high cost of commercial insurance. Prospective members must demonstrate a commitment to effective risk management programs.

Mesa provides water service to more than 100,000 customers in an 18 square-mile area. The service area includes the city of Costa Mesa, parts of Newport Beach, and the John Wayne Airport. Mesa is dedicated to satisfying our community's water needs.
